

**MAKE YOUR ORGANISATION
FRAUD-PROOF WITH NAPID**

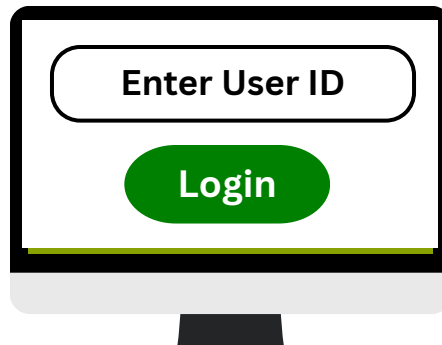

Enhancing Insider-Threat Protection and Stopping Fraud Upfront With Next-Gen Pre-Authentication System

Applications cannot truly identify if credentials—passwords, PINs, or OTPs—are entered by the genuine user or a fraudster with stolen data, making the traditional value-based authentication methods inherently vulnerable. NapID Anti-Fraud Gateway, secures the sensitive applications as a Smart Shield for 24/7, granting access only for the authorized users to transact conveniently in One-Touch through its patented Pre-Authentication technology. By identifying the real initiator, NapID blocks fraudulent transactions upfront (at Zero Level)—before they even initiate the transaction. Approved by Reserve Bank of India, NapID delivers stronger transaction security for all application.

NAPID ANTI-FRAUD GATEWAY SMART SHIELD

Securing All Applications

Only the genuine user can initiate and complete a transaction—secured from a non-duplicable source, conveniently in One-Touch.

Global Awards & Recognitions

MAKE YOUR BANK
FRAUD-PROOF WITH NAPID

How It works

- 1 napID's patented Anti-Fraud Gateway Engine secures the Applications in locked mode 24/7.
- 2 Application will be enabled only for authorized users to initiate the transaction.
- 3 Frauds with stolen passwords or cards have no option to initiate the fraudulent transactions.

Regulatory Sandbox: Fourth Cohort on 'Prevention and Mitigation of Financial Frauds' – Exit

In the Fourth Cohort of the Regulatory Sandbox (RS) with 'Prevention and Mitigation of Financial Frauds' as its theme, six entities were to commence testing of their products which was communicated vide [Press Release dated January 05, 2023](#).

2. Products of the entities which completed the 'Test Phase' were evaluated based on mutually agreed test scenarios and expected outcomes. Accordingly, the three products outlined below have been found viable within the boundary conditions defined during testing under RS:

Sl. No.	Sandbox Entity	Description
2	napID Cybersec Private Limited (Partner Financial Institution- City Union Bank)	The product 'napID Fraud Filter Layer' locks the login form, payment form and unlocks these only for the authorised users to initiate the transactions using their credentials via napID Pre- Authenticator app. The solution makes compromised credentials/ cards useless in the hands of fraudsters.
